

# ELOUISA

3" x 12", porcelain tile  
Made in Spain

ELOUISA is a 3" x 12" porcelain tile collection that manifests an alchemy of different glaze minerals applied on a lightly textured surface. Transitioning into playful yet very natural color shades, along with mineral residue and a "time-worn" effect after the second firing. These tiles are suitable for light residential floors and wet areas. No sealing is necessary.

## Stocking Sizes

3" x 12" (nominal)

Demi Bullnose trim piece, 5/8" x 12", also known as 'Jolly', available.

## Technical Properties

**Type:** Porcelain body, glazed surface

**Variation:** V3 - Modest to low-high variation

**Thickness:** 5/16"

## Package Details

- ELOUISA 3" x 12" is sold in full box quantity at 6.75 SF/box (27 pieces)
- All square foot conversions and prices include grout joint.

## Characteristics

**Applications:** Interior and exterior walls, residential floors (light traffic) only.

**Installation:** Follow the methods TCNA set forward for preparation and installation. Use white color thin set, non-sanded or sanded grout with a minimum 1/8th of a joint. Shade and size variation are inherent for all fired ceramic and porcelain body wall tiles.

**Care:** Clean with non-abrasive, neutral detergent or mild soapy water. Allow adequate ventilation in wet areas. Do not use metal or hard plastic wire brush for scrubbing.
