Package Details

Granada 4" x 4" sold in full box qty at 9SF per box (81pcs)

Characteristics

Applications: Interior & Exterior walls only

Material Facts: Red Body Ceramic, Double Fired, Glossy Glaze

Installation: A minimum 1/8th of a grout joint is recommended. Do not use grout color darker than the tile color itself. Shade and size variation are inherent for all fired ceramic wall tiles, especially more so for this GRANADA series. Please do the necessary blending first and inspect the tiles to determine appropriate grout joint prior to installation. For wet areas, moisture barriers have to be established.

Care: For wet areas, please ensure regular cleaning with mild soapy water, do not let any soap and shampoo residues settle on the surface. Do not use hard wire or brush for scrubbing. Do not use heavy or abrasive content chemicals for cleaning. Allow ventilation to dry in between each usage.

Do not use heavy or abrasive chemicals for cleaning. Keep the area dry

*Esmeralda is not recommended in the areas of direct water and body care exposures.
